❖ UP and DOWN the Avenue ❖

The COVER GIRL for this number of the News is Ruthana Gill '42. Her father is a Colonel in the U. S. Army. Their home is in Alexandria, Va. Last spring Ruthana was sent to Texas to recover from an illness. When she was well, she felt she had to do her part as a "soldier" in this war, and so she went to work in an airplane plant. In this letter, recently received, she tells something about her work as an inspector of airplane engines at Duncan Field, San Antonio, Texas.

Dear Miss Byrd:

There is little time in which to write. This is a big war, you know, and every minute counts. But I do want you to know what I am doing. I am an inspector of pistons for airplanes. After the workmen finish building up a set, we inspectors go over them carefully to see whether they meet all the various requirements, and either turn them down, to be reworked, or approve them by signing our own name to the tag attached. If approved, we send the sets down to an assembly line to be installed in the airplane engine for which they are intended. Once our name is put on that tag, we are responsible for anything that happens to that engine due to piston failure. Some of the pistons we manufacture here are installed in trainer planes; others are used in the fighting planes. We never know when a set of pistons we inspect may show up in Africa, or in Italy, or one of the other battle fronts. We do our best—thinking of our boys, and knowing that some of their lives are in our hands.

Last year I worked for a while at the Army Air Force Headquarters in Washington, D. C., making maps for flyers. Now I am helping flyers to keep their planes up in the air—safe! It gives me a wonderful feeling—the responsibility, as well as the thought that I am doing something to help. At times I get homesick, so far away from my family and friends. But these Texans are grand people, and—the engines for our airplanes have got to be right! I send greetings to the faculty and to my friends among the students at Woman's College.

Sincerely yours,

RUTHANA GILL.

● Founder's Day, October 5, fell this year on Tuesday—the regular chapel day, and so the anniversary exercises took the form of a special chapel program. Dr. Mabelle Blake, member of the Woman's Section of the War Finance Division of the Treasury Department, was the featured speaker. She used as her subject "Challenge to Youth." Julia Ross Lambert, president of the Alumnae Association, presented the speaker. Dean W. C. Jackson presided. He also read the 13th Chapter of First Corinthians—Dr. McIver's favorite chapter of the Bible, and led the audience in reading the Litany of Commemoration, written by Josephine Hege especially for the Sunday morning service, held last year in connection with the Founder's Day Celebration of the Fiftieth Anniversary of this College. Maxine Garner, director of religious activities at Woman's College, made the invocation. The College Choir rendered a special number from the Anniversary play, *WE, the Women*.

ON THE WOMAN'S COLLEGE CAMPUS
CHRISTMAS IS IN THE HEART

The War Service League at Woman's College

By Janice Hooke '44, Colonel

We girls who are fortunate enough to be in college during these troubled times realize that our first duty to our country is to take full advantage of our educational opportunities, for we are the ones who will constitute, to a great degree, the cultural strength of our nation after the war. But in addition to this general responsibility, we feel that it is also our duty to back the war effort in every tangible way possible. With this in mind, the War Service League was organized two years ago to help students find just what they could do to hasten the peace. Since its organization, the work of the League has undergone many changes, but the underlying purpose remains the same—that of acquainting the students with the job to be done and providing the channels through which the work may be accomplished.

This year the League has two main fields of activity—the sale of War Bonds and Stamps and Volunteer Service.

Emphasis is being put on regular rather than intermittent buying of stamps, and the following weekly pledges have been made by the various residence halls:

| Hall | Weekly Pledge | Per Girl |
|---------------|---------------|----------|
| Bailey | \$26.10 | \$2.1 |
| Coit | 25.55 | .18 |
| Cotten | 25.55 | .20 |
| Mary Foust | 18.17 | .13 |
| Gray | 19.55 | .16 |
| Hinshaw | 24.85 | .20 |
| Jamison | 26.73 | .22 |
| Kirkland | 13.70 | .16 |
| New Guilford | 28.31 | .18 |
| North Spencer | 28.80 | .16 |
| Shaw | 15.41 | .14 |
| South Spencer | 10.30 | .07 |
| Winfield | 33.80 | .30 |
| Weil | 21.90 | .16 |
| Woman's | 22.50 | .40 |
| Town Students | 30.35 | .16 |

Every residence hall has a Service League leader, who is assisted by a floor leader on each of the other floors. It is the responsibility of these floor leaders to see that pledges are kept up. The girls who meet their pledges are given attractive stickers for their doors, stating that the girls who live in this room are doing their

part to help win the war. Every week the sales in every hall are printed in the *CAROLINIAN*, and students in each hall are keenly interested in knowing how their hall stands in relation to all the others. The tendency is always toward making up for a bad week with record-breaking sales the next week.

Various stunt days are also being planned for the sale of "extra" stamps—we hope to be able to tell you more later about what happened!

Volunteer Service, our second major field of activity, includes numerous and often unpredictable types of work.

First of all, there is bandage rolling. This work is being done on campus this year in our new War Service League Center in Students Building. I am sure that visiting alumnae would be surprised at what they see if they chanced to wander into the Adelphian Hall these days. Instead of red velvet curtains, thick rugs, and easy chairs, they would find a scene like the one in the accompanying picture—girls in the flowing headress of the Red Cross, busy rolling bandages in a spotless, utilitarian center. Trained super-

visors from both the faculty and student body are on duty every afternoon and night, teaching beginners and warning others to avoid "whiskers," "valleys," and the other taboos of bandage rolling.

Red Cross knitting is always ready and waiting for students in the office of Miss Cole, the counselor in Bailey Hall. In fact, one hears the familiar sound of clicking needles all over the campus as students turn out sweaters, socks, helmets, gloves, and other needed articles for the boys in our Armed Forces.

The local rationing board is also constantly in need of our students to do typing, filing, and other office work. Each hall sends down a few helpers every week, and by following that plan this type of work is fairly well distributed over the campus.

The other kinds of volunteer service which we have undertaken are connected with the war effort in that they have been made necessary by the present labor shortage. This year NYA help has been entirely discontinued. Many campus jobs have, as a result, been left vacant, except when volunteers come to the rescue. A great deal of volunteer work is being done for faculty members and in various administrative offices to help meet this need.

In addition to replacing NYA to some extent, girls are helping Mr. Sink, superintendent of buildings and grounds, in the upkeep of the plant, and Miss Swanson, dietitian, in servicing the dining halls. The Sophomore class has made it a permanent project to keep the campus clean, and it is not an unusual sight these days to see a crew of sophomores, rake in hand, working away vigorously!

But perhaps the most interesting volunteer work the girls have undertaken this year is that done in the dining halls. At the opening of college, our traditional family-style dinner had to be abandoned because girls could not be secured to wait on tables. Finally, impatient with standing in line for cafeteria service three times a day, and loath to give up the dignity of our family-style dinner, we asked to be allowed to work voluntarily, for short periods of time, in the dining halls, serving the tables for the evening meals. The administration agreed to this plan, and now each dormitory is furnishing fifty girls for a two-week period during the year. The girls of

Woman's and Kirkland served the first two-week shift. We found the work hard but after all extremely interesting. One of the finest results is undoubtedly this—that those of us who had this experience now appreciate and understand the problems of the dining halls as we never did before.

To award workers in these various fields, a unique system of recognition is being used, suggested by Mr. Teague, our former assistant controller. Each girl is given a rank according to the number of hours she has worked, and army nomenclature is being used. A girl receives one point for every hour she spends in war service, whether it be rolling bandages, knitting, working in the dining halls, or in an office, and so on. She even gets an hour's credit for going to a dance on campus, if she is helping to entertain soldiers. She starts out as a buck private and works up in the following manner:

| Points Earned (Hours) | Rank |
|--------------------------|---------------------|
| 5 | Private First Class |
| 12 | Corporal |
| 25 | Sergeant |
| 40 | Second Lieutenant |
| 50 | First Lieutenant |
| 75 | Captain |
| 110 | Major |
| 175 | Lieutenant Colonel |

My rank, as head of the War Service League, is that of Colonel, and all other members of the League are Captains. Floor leaders are Second Lieutenants; hall leaders are First Lieutenants. Bandage rolling instructors are Sergeants.

Rank insignia are made of red, white, and blue ribbon. Non-coms have one, two, or three tri-colored stripes; Second Lieutenants, one blue bar; First Lieutenants, one red bar; Captains, two red bars; Majors, a blue rosette; Lieutenant Colonels a red rosette, and the Colonel a tri-colored rosette. These insignia are sported on rain coats and class jackets and we have a great deal of fun making mock salutes, speaking of the officers' club, and the like. Some girls even feel that Uncle Sam should now allow *them* to send their mail postage free!

You may be wondering at this point just how the mechanics of this program are handled. The War Service League as a body works out the general policies which are to be followed.

Its members are:

Faculty—Dr. Elizabeth Cometti. Mr. Ralph Brimley. Dr. Ruth Collings. Miss Harriet Elliott. Miss Viva Playfoot. Mr. C. W. Phillips. Miss Katherine Taylor. Miss Miriam McFadyen.

Students—Miss Janice Hooke. Miss Dorothy Arnett. Miss Katherine Cole. Miss Mary Wood Hewitt. Miss Kathryn Levis. Miss Dorothy Levis. Miss Betty Nickerson.

The policies are converted into action by means of the Floor Leader Plan—based on the successful Block Leader Plan of Civilian Defense. As has been mentioned already, each dormitory has a leader on every floor, one being chairman of the whole hall. Through these leaders everything relating to the war effort is channelled. They keep records in their territory of all volunteer service, war stamp sales, the war chest fund, everything.

I hope this survey has given the readers of the ALUMNAE NEWS some idea of what we girls at Woman's College are doing to help in the war effort and to hasten the day when such an organization as the War Service League will have served its purpose. If you have any suggestions or comments to make as to how we can improve or enlarge our present program, please do not hesitate to write me, for we are very much interested in knowing whether our alumnae are satisfied with our present efforts.

What the College is Doing to Entertain the Soldiers

By Ruth Gillmore Kath's '40

The Social Planning Council at Woman's College is composed of four members of the Senior Class and two members of the Faculty: Daphne Lewis, chairman; Mollie Bowie, representing the four societies; Dorothea Bultman, president of the Recreation Association; Elizabeth Jordan, president of the Inter-Faith Council; Louise Walker, president of the Music Education Club and representing all the activities groups; Mrs. John Inghram, counselor in South Spencer, and Dr. Marc Friedlaender, of the Department of English.

The Council is concerned largely with the week-end activities of the students. It serves as a clearing house for all proposed events. Its function is not only to initiate, but also to allocate various activities to various groups—that is, to residence halls, clubs, classes—and to coordinate the whole program.

Of special interest, naturally, is the program of entertainment for Service Men, since Basic Training Center No. 10 is located in Greensboro. "What is the College doing for the soldiers?" is a question frequently asked.

Twice a month dances for service men are held on the campus in Rosenthal Gymnasium. Between 300 and 350 invitations, or tickets, are sent to the Camp to be distributed to the men through the Special Services Office. These tickets must be presented for admission at the door of the gymnasium. A similar number of college girls attend. The dances are of course supervised by a counselor, and are well chaperoned. The expenses of these dances—orchestra, refreshments, decorations, are taken care of by the Greensboro Planning Council.

Twice a month 200 Woman's College students are guests at a dance at the Service Club at BTC No. 10. The girls ride to and from the Camp in Army trucks! They find it a thrilling experience.

SATURDAY
NIGHT AT
THE
MILK BAR

Every Saturday night thirty Seniors and Juniors are guests at the Greensboro USO dance. They are carried to and from the dance in the College bus.

Dances in the residence halls are held frequently, with service men from BTC No. 10 as guests. Several halls have invited Naval Cadets from the University at Chapel Hill to attend their dances. The halls themselves are responsible for organizing these dances.

But the program for the entertainment of soldiers is not limited to dances. "Music for All" is a popular Sunday weekly feature at the "Y" Hut (renamed the "Ark" by present day students, although "Hut" still sticks!). The entertainment here includes a community sing, and special numbers, involving both Camp and campus talent. A Symphony Hour is another feature, held each Sunday afternoon from 4:00 to 5:30 in Alumnae House. Classical recordings are played, under the sponsorship of the Music Entertainment Club. Invitations are sent to fifty service men, and a similar number of college girls attend.

The Recreation Association sponsors recreational sports every Sunday afternoon from 3:30 to 5:30. Again, invitations are sent to fifty service men. Boating on the campus lake, and skating in the outdoor gym are also available to girls with or without escorts, the "escorts" usually being soldiers.

The "New Tavern"

Of great interest and importance also is the proposed entertainment center for students, to be opened in Students Building sometime during November—as soon as the necessary equipment can be secured, and temporarily called the "New Tavern" to distinguish it from the old Tavern. Alumnae are familiar with the old Tavern which has been so successfully operated for several years on the ground floor of Spencer Building, beneath West Dining Hall. It is open every night, and here girls, with or without dates, may get bottled drinks, sandwiches, cookies, and cakes. Here also the first Milk Bar ever to be established on a college campus was set up. A local dairy cooperated by paying for the construction of the Milk Bar—an investment long since repaid in profits. Here also is found a Fruit Bar, where fresh fruit juices are dispensed, and fresh fruit is available.

The New Tavern will be housed in the Cornelian and Aletheian Halls. (The entrance to Students is also to be refurbished as a lounge.) It will be open on weekends, for girls with dates—on Saturday evening, from 8:00 to 11:00 o'clock, and later when there is a formal dance on the campus; on Sunday afternoon, from 3:00 to 5:00, and on Sunday evening, from 7:00 to 10:30.

The New Tavern will be under the general supervision of Miss Margaret Edwards, head of the Department of Home Economics, with four seniors, majors in the division of institution

management, in active charge—Laura Powers, Ruth Andrews, Grace Forster, all of Raleigh, and Mary Eleanor Sherrill, Charlotte. Four institution management majors are also in active charge of the old Tavern—Dorothy Medlock, Charlotte, and Ann Murphy, Southern Pines, Seniors; Mary Burke, Winston-Salem, and Sadie Suggs, Gastonia, Juniors.

At the New Tavern food and service will be on a little more expensive scale than at the old Tavern. Both a fruit salad plate and a chicken salad plate will be provided; also assorted sandwiches, including club sandwiches. Home-made cakes will be a specialty. Coffee, hot chocolate, and milk will be served. On Saturday evening, there will also be opportunity for a limited number of couples to dance. Each couple will be required to pay a cover charge—in this case, the purchase of a War Stamp.

Miss Edwards says that a name for the entertainment center is being sought through a campus-wide contest. To the student who submits the winning title, a prize of \$2—in tickets for food at the new center—will be given. Needless to say, the girls and their dates are eagerly awaiting the hour for the opening of the "campus night club"!

This program seems to be meeting the needs for war-time recreation on the campus, as these needs have so far arisen, and a fine spirit of cooperation is evident on every hand.

Loan Fund Established in Memory of Gladys Bullock '27

A loan fund of \$300 has been established at Woman's College by Mrs. S. F. Bullock, Durham, as a memorial to her daughter, Gladys Bullock '27, who died last February, the fund to be known as the Gladys Bullock Loan Fund. During their college days, both Gladys and her sister, Hazel Bullock Perry '29, were granted loans from the college, and Hazel writes that Gladys often spoke of wishing to provide at the College a loan fund of her own with which to aid some other girl, as she had been aided. It is a great joy to the family to know that this desire has been accomplished. Gladys taught continuously after her graduation, and became truly the beloved teacher.

The New Assistant Controller at Woman's College

Woman's College has cordially welcomed John C. Lockhart as its new Assistant Controller, in charge of business operations. Mr. Lockhart succeeded to the place made vacant by C. E. Teague, who has been transferred to a similar post at the Chapel Hill unit of the University of North Carolina. Woman's College parted with Mr. Teague reluctantly; in fact his going was something of a personal loss to every one here. He had been with us for thirteen years and had served well. He has carried with him to Chapel Hill the warm esteem and respect of his associates on this campus. We miss him and Mrs. Teague, the three boys, and Betsy.

Mr. Lockhart is a classmate of Mr. Teague's—both are members of the Class of 1912 of the University of North Carolina. He came to Woman's College from the superintendency of the Mecklenburg County Schools, having gone there from a number of years of successful service as superintendent of the Wake County Schools. Last year, during his term of office as president of the North Carolina Education Association, he saw a ninth month added by the Legislature of 1943 to the public schools of North Carolina, on a state-wide basis, and also a War Bonus granted to all state employees. Mr. Lockhart was chairman of the Legislative Committee of the North Carolina Education Association in the memorable year of 1941, when a twelfth grade was added to the public schools of the State, and a retirement plan for all state employees was enacted into law. He is now chairman of the Committee on Federal Aid, of the North Carolina Education Association, and has recently been in Washington in the interest of the work of this committee. He was present when the debate on federal aid to schools was opened in the United States Senate on October 12. He is also a member of the Legislative Commission of the National Education Association.

When a student at Chapel Hill, Mr. Lockhart was president of the Junior Class, and was elected to mem-

JOHN C. LOCKHART

bership in the order of the Golden Fleece. His daughter, Matrena '41, is a graduate of Woman's College. His son, John C. Jr., is a graduate of State College and is married to Sarah Scott Joyner '40, Woman's College. It would seem that Mr. Lockhart had been made to order to succeed Mr. Teague as Assistant Controller of the consolidated University of North Carolina, at Greensboro!

We do sincerely welcome him and Mrs. Lockhart to this campus, and we hope that Matrena and Sarah Scott will come back often to their Alma Mater, and that our college son-in-law, John C. Jr., may also be induced to join us on many occasions.

Nineteen Alumnae Returned to the College this Year as Members of the Faculty

Welcomed back with genuine pride, as members of the Faculty, are the following recent alumnae of Woman's College:

Marilyn Barkelew '42, M.A. University

of Pennsylvania pending. Instructor in Department of Classical Civilization.

Susan Barksdale '39, M.A. '40 Columbia University. Instructor in Department of Art. Since her graduation, Susan has taught at Appalachian State Teachers College and at Averett Junior College.

Elisabeth Falls '41, with a year of special training at Merrill-Palmer School. Instructor in the Department of Home Economics, in charge of the Nursery School. Last year Elisabeth was district supervisor of nursery education under the Federal WPA project of the Wilmington area.

Mary Lois Gordon '43, Secretary in Department of Public Relations.

Ellen Griffin '40, M.A. '43 University of North Carolina. Instructor in Department of Physical Education. Ellen was an assistant in this department for two years after her graduation. She returns after a year of graduate study at Chapel Hill.

Gray Mills High. Com. '42, Secretary in the Department of Home Economics.

Elizabeth Dover Holcomb '32 and '33, Clerk in Registrar's Office. Elizabeth has been teaching commercial subjects in North Carolina high schools. Her husband is stationed at Basic Training Center No. 10, Greensboro.

Mary Alford Hunter '36, Librarian in Curry School. Mary has been teaching English and history in the Pilot Mountain High School since graduation.

Ruth Gillmore Kathis '40, Counselor in North Spencer Hall. For a year after her graduation, Ruth taught physical education in Georgia State College for Women. She was married in the summer of 1941. Her husband is a Captain with the Armed Forces overseas.

Ruth E. Leonard '42, Instructor in Department of Physical Education. Ruth taught physical education last year in the Charlotte High School.

Ann Palmer '43, Assistant in Department of Physical Education.

Mary Helen King Pratt '37, M.S. '40 Kansas State College. Mary Helen has been teaching home economics in North Carolina and Kansas high schools.

Claire Reaben '43, Secretary to Secretary of Admissions.

Priscilla Roetzel '43, Assistant in Department of Romance Languages, teaching Spanish.

Alice J. Ryan '37, Graduate work at Mt. Holyoke College. Assistant in Department of Chemistry. Alice has been teaching in North Carolina high schools.

Velora Gilliam Scott '40, Assistant in the dining halls. She has been teaching home economics in high school.

Josephine Stewart '42, Has done special laboratory research. Assistant in Department of Biology.

Frances Wain '43, Secretary to Dr. Franklin H. McNutt.

Jane Zimmerman '40, M.A. '41 University of North Carolina, Chapel Hill. Instructor in Department of History. Jane taught in this department 1941-42, but was away last year.

A STUDY OF CLASSROOM DISTURBANCES OF EIGHTH GRADE BOYS AND GIRLS. *Teachers College, Columbia University Contributions to Education*, No. 371. By Margaret Louise Hayes '19. Ph. D. The Bureau of Publications, Teachers College, Columbia University, New York, 1943. Pp. 139.

Reviewed by Ruth Fitzgerald, Professor of Education, Woman's College, University of North Carolina.

Conducted by one who is and has been for a number of years actively engaged in the pre-service education of teachers, this experiment in the diagnosis of child behavior under student-teacher guidance, makes a distinct contribution to the field of teacher education. The subjects of the study were sixty-eight children in the eighth grade of the Milne School, Albany, N. Y., and their twenty-three practice teachers for the first term of 1938-1939. It was the purpose of the study, under certain well defined limits, to determine the causes of the disturbing behavior of these boys and girls which interfered with learning activities in the classroom.

The implications of the study are rich in suggestions not only for parents, educators, and teachers in general, but most especially for those who select, direct, and guide young teachers in training.

The following appear to this reviewer to be pertinent questions which are implied by the findings of this investigation.

1. What experiences are needed by teachers in training to develop in them the necessary insight and understanding of the meaning, purpose, and cause of child behavior?

2. Is a five-year training program necessary to insure the proper maturity of the beginning teacher?

3. How can the prospective teacher's program of living while in college be so planned and supervised that she may develop a wholesome, well adjusted, and balanced personality?

4. How can the training be so graded that theory and practice become integrated in the prospective teacher's thinking and action?

5. While safeguarding adequate scholarship, how can proper emphasis be placed upon the development of the leadership qualities of prospective teachers through student participation in college and community life?

6. How can the training of prospective teachers be so organized that there is a proper balance between the study of subject matter and the study of child development?

Some weak spots in teacher education programs have been uncovered by this study. This splendid contribution to education made by Margaret Hayes of the class of 1919 gives this reviewer peculiar pleasure and pride since Margaret was her student teacher in 1919.

News from the Alumnae

Dr. E. W. Gudger, of the American Museum of Natural History, made his usual visit to the campus on September 17, during the registration of students. He was fine—both in looks and spirits. It is always a great pleasure to his friends to have him here for even so short a while.

1900

Miriam MacFadyen's friends are congratulating her upon her recent promotion to professor of Education.

1902

Virginia (Brown) Douglas' daughter, Virginia (Douglas) Bell, Com. '32 and graduate of the law school of the University of North Carolina, has a new daughter, also named Virginia, born on August 30, at St. Leo's Hospital, Greensboro. Mrs. Bell is associated with her father, Mr. Robert Dick Douglas, in the practice of law. Her husband is a business man.

1903

Nettie (Parker) Wirth has a niece, Lt. Katherine Parker, who is serving as a Red Cross nurse with the American Army in India.

1905

May (Hendrix) Fleet is well known in Greensboro as owner and active manager of the Maison-Joline, smart shop for women's apparel. She is active in the Greensboro Altruistic Club, and serves on the War Service Committee of that organization.

Lettie (Spainhour) Hamlett and her husband, who have been missionaries in China for many years, have returned to the United States and are living in Fayetteville. They are both in frequent demand as speakers at church meetings.

1907

Blanche (Austin) Thies' daughter, Blanche, is a senior and a marshal at Woman's College this year. Blanche the First says she can hardly realize that she herself was doing exactly the same thing 36 years ago! Her son is an Ensign in the Navy, and is stationed at Cornell University, receiving advanced training in engineering. He was graduated from Georgia Tech last May.

Ethel Dalton is principal of the Ardmore School, Winston-Salem.

Mozelle (Olive) Smith—also of the class of 1940—has two sons in the army. One of them received the notification of his promotion from Captain to Major while on a visit to Mozelle in Greensboro during August. Major Smith, who is only 28 years old, is air instructor at the advance flying school located at Fort Sumner, New Mexico. In October, her second son was advanced from First Lieutenant to Captain.

Vaughn (White) Holoman's daughter, Judith, class of 1941, was married early last June to Aviation Cadet Theodore Warren Burns. The marriage took place in San Antonio, Texas, where the bridegroom is stationed at Goodfellow Field. Mebane (Holoman) Burgwyn '35 accompanied her sister to Texas for the wedding. Cadet Warren was a classmate of Judith's at Elon College where they were both graduated. Vaughn went to Akron, Ohio, last spring to welcome the arrival of a second child, a son, at the home of her daughter, Marion (Holoman) Fowler '35. Marion's husband is a busy physician in Akron. Vaughn says they were having snow in Ohio long after the first breath of spring had bloomed here in North Carolina, and she fully understands now why houses in the North are built with so much more attention to really cold weather than are houses in the South. Vaughn's only son, Lt. Frank Holoman, Camp Detrick, Frederick, Md., was married on October 3 to a young woman who is connected with the Alumni Office at the University of Florida.

1910

Mellie (Cotchett) Emerson and her husband are living now at Carmel, Calif. For a number of years Mellie had a top-ranking Civil Service secretarial position with the Mare Island Navy Yard. Her husband was formerly the chief draftsman for the Mare Island Yard. Both Mellie and her husband are now taking a well-earned rest from work.

Alice Sawyer is the new president of the Friends of Weatherspoon Art Gallery.

Marion (Stevens) Hood's oldest son, Robin, was married early in July to Dorothy Beatrice Frye, the wedding taking place in Holy Trinity Lutheran Church, Raleigh. The bridegroom is a graduate of State College, and did graduate work at the University of North Carolina, Chapel Hill. He is cashier of the Bank of Gates, at Gatesville and Winton, and is chairman of the Gates County United War Fund Committee.

Jane Summerell is this year a full professor in the Department of English at Woman's College.

1912

Patty Spruill is new president of the Alpha Chapter of Delta Kappa Gamma, honorary fraternity for women in education. The chapter comprises three counties—Alamance, Guilford, Randolph. A meeting of this group was held in Alumnae House on October 30. Patty is a member of the faculty at Woman's College, teaching in the Department of Secretarial Administration.

1913

1940

Virginia (Ambrose) Howell writes from Franklin, Va.:

Dear Miss Byrd: It seems a long time since our graduation in 1940, but it is wonderful to be able to keep up with so many college friends through the pages of the ALUMNAE NEWS. I often wonder about all of the grand folks at Woman's College and would like to go back for a visit, but my hands are full now with a son, Alexander Gibson Howell, Jr., born May 1, 1943. We think he is grand, of course, and we enjoy him more each day.

My sister, Sarah (Ambrose) Wise '36, spent a week with us last summer. She lives in Mount Vernon, N. Y. While I was visiting my family in South Carolina during the summer, I had Elizabeth (Ellis) Davies '40 and her husband up for a week end. It seemed like old times again. We see Barbara (Huff) Mauer '40 often. She lives in Alexandria, Va., but her husband has recently been inducted into the Army and Barbara Jane plans to go to Pennsylvania to be with her family while he is away.

My husband is business administrator for the hospital here, and the Army seems to think that he is in essential work, although he is eager to be in the Service. We came to Franklin from Richmond a year ago today, and we like it here very much. Two graduates of Woman's College are working for my husband in the hospital—Nancy McCall '37 is dietitian and Mary Cary Harris '43 is laboratory technician. We three wish to know whether there is an Alumnae Chapter near here.

Born to Sgt. and Mrs. C. Philip Watrous Jr. (Carolyn Lyle Crook), a daughter, Kathryn Lyle, August 7, Chester, Conn. Carolyn is now with her parents, in Chester, while her husband is with the Armed Forces in the Southwest Pacific.

Gertrude (Grimes) Webb is back at Woman's College this year, as secretary to Dean Altwater. Gertrude was away for several months after her marriage last year, until her husband, a First Lieutenant in the Army Air Corps, was sent overseas. Not long ago, the Webb family received a letter from Lady Nancy Dill, wife of Sir John Dill, chief of the British Military Commission in Washington. D. C. The letter reads:

"I have just returned from England, where I met your son, who was looking well and asked me to tell you not to worry; that he was resting after hospitalization at an American Red Cross club. What a charming boy he is!—and he is adapting himself to English ways, making friends easily. I met many boys and girls too from the Carolinas. They all find that ARC (American Red Cross) clubs are a center to meet old friends, and with

papers from home and lots of flowers, comfy chairs, and amusement if they want it. ARC is doing a really wonderful job just where it is most needed. Sincerely yours, Nancy Dill." (Ed. Note: Since the above was written, Gertrude has received notification from the War Department that Lieutenant Webb is missing in action.)

Jean (Hartsok) Murphy is continuing her work as secretary for the American Cotton Corporation Association, Greensboro, since her marriage last August.

Ruby Morgan has been located at Camp Sutton since last March, serving as cafeteria hostess at Service Club No. 1. She is enthusiastic about her work. She says that the club house has an excellent cafeteria and soda fountain for the enlisted men. She manages both. Ruby went to her present position from Ft. Bragg, where she had been assistant to the cafeteria hostess. She often sees Woman's College alumnae with their husbands at camp dances.

Mabel Massey has been teaching commercial subjects in the Roxboro High School since graduation.

Millicent (Miller) Benbow has a secretarial job in Washington City. She thinks that when a girl enters college it would be a great help to her if she could be given a vocational aptitude test to help her understand what she is "most likely to succeed in doing."

Mildred Millsaps teaches in the Rocky Mount schools. She sings in the church choir, and is also active in the Red Cross. She has taught night classes in Nutrition, for adults. Mildred thinks that student teachers should be put in full charge of classes in their own fields, under supervision of course, before they leave college, so that they will have a better concept of a working day, its routine, and general plans.

Jane (O'Connor) duFour's husband is an Ensign in the Navy. After he was commissioned last April, he was stationed first in Rhode Island and later in New York. Jane was with him in both places. Now Ensign duFour has been sent to Georgia, and Jane and their young daughter are with her mother in Watertown, Conn. Jane's father is a Captain in the Merchant Marines, and so Jane, her mother, and small daughter Lynn are keeping the home fires burning for the time being. Jane writes: "I do enjoy the ALUMNAE NEWS. In these days of rationed travel, it brings me the only glimpse I shall get of Woman's College for some time to come."

Louise Margaret Parker is secretary to an officer in the Quartermaster Motor Maintenance District, Ft. Bragg.

Dorothy Ann Patterson teaches in Dilworth School, Charlotte. She is also active in the work of the church and of the Red Cross.

ELEANOR EDWARDS '43

Hostess for the Southern Railway System

After completing a three weeks training period in June, Eleanor made her first official run on The Southerner, New York to New Orleans, July 5. To enable her to be a more perfect hostess and to do a better job, she attends a Passenger Traffic Class every Wednesday night that she is in Washington, and one week every three months she works at the Information Desk in the City Ticket Office in Washington City. To Eleanor, the train is her home and she does everything possible to make her passengers have a pleasant trip. When emergencies arise, she must be able to meet them. Incidentally, Eleanor is the daughter of Emory Doughton Edwards, Com. '15, and a granddaughter of Congressman R. L. Doughton.

Mary Will Harris, home economics, science and biology, Stantonburg High.

Evelyn Harrison, first grade, Helena High School, Timberlake.

Anna (Winslow) Newbold, housekeeping, Tucson, Ariz.

Jeanne (Worsley) Porter, assistant industrial engineer, Remington Arms Company, Bridgeport, Conn.

Louise Whitehurst writes from Washington City:

Dear Miss Byrd: I was at home on vacation the first week in August when my first copy of the ALUMNAE NEWS arrived. I enjoyed it very much, and I am looking forward to receiving it here in Washington. As you know, I am a graduate of the BSSA Department, but when school opened this year, I felt that I

should be returning to the campus with the upperclassmen. I read in the papers that the enrollment this year is another record breaker. I am so glad to know that the war is not causing the girls of our state to forget that their college education is one of the most important things in life.

On June 10, after my graduation on June 7, I assumed my duties as assistant secretary to Congressman John H. Kerr, of the Second Congressional District of North Carolina. I find that working on Capitol Hill is a wonderful experience, and I am happy that I came to Washington.

NECROLOGY

Class of 1920

Harriette Hammer (Mrs. Hal Worth Walker) died on September 26, at the home of her mother in Asheboro, following an illness of three years. She was best known for her work as a journalist. At one time she was a member of the staff of the Winston-Salem Journal. But in 1930, she returned to her home in Asheboro, to join her mother in editing and publishing the Asheboro Courier, a paper which had been edited and published by her father for many years previous to his death. Mrs. Walker wrote feature stories and was a correspondent for several state papers and for the United Press. Her book, *Busy Women in North Carolina*, was to have been followed by a companion volume, *Busy North Carolina Men*, but illness prevented. She is survived by one son, a Lieutenant in the U. S. Navy, and one daughter. To them, and to her host of friends, deepest sympathy is extended.

Class of 1927

Effie Gladys Bullock, Rural Hall, died at the Baptist Hospital in Winston-Salem on February 4, following an illness of six weeks. For twelve years after her graduation, Gladys taught in the Mangum High School, at Bahama. During the three years previous to her death, she taught

the sixth grade at Rural Hall. She was an excellent teacher, and she left the impress of her ideals and her character upon the many students who came under her guidance. She is also greatly missed in the work of the Baptist Church, of which she was a devoted member. To her family, and especially to her sister, Hazel (Bullock) Perry '29, deepest sympathy is extended.

We Extend

Deepest Sympathy:

To Elsie (Weatherly) Pearson '96, in the death of her distinguished husband, Dr. T. Gilbert Pearson, September 3, New York City, where he and his family had made their home for the last twenty-five years. Dr. Pearson was one of the foremost workers in the world for the preservation of bird life. In 1903, under his leadership, the state legislature created the State Audubon Society, with legislative powers, to protect bird life in North Carolina, and Dr. Pearson became in reality the first state game warden, although his title was that of secretary of the State Audubon Society. In 1905, the movement had assumed national proportions, and again under his leadership, the National Association of Audubon Societies was organized, and he became the general secretary. For thirty years, until 1935, he continued to serve as general secretary, or as president, of the national organization. During that time, he also organized the International Commission for Bird Preservation, with twenty-six foreign countries participating. He was also founder and chairman of the National Congress of Wild Life Legislation, and contributed many scientific articles to magazines and publications dealing with bird life. In 1925, he received a decoration at Luxenburg for his work.

Dr. Pearson was a member of the faculty of Woman's College from 1901 through 1904, serving as head of the Department of Biology. It was during this time that he and Elsie Weatherly '96, of Greensboro, were married.

Dr. Pearson was the author of several books on birds, the first of which, *Stories in Bird Life*, appeared in 1901. His last book, *Adventures in Bird Protection*, autobiographical in nature, was published in 1937. In this book, he devoted considerable space to his years in Greensboro.

In addition to Mrs. Pearson, three children survive, a daughter, and two sons—Capt. T. Gilbert Pearson Jr., and Lt. Cmdr. William G. Pearson, U. S. Navy.

To Fannie Starr (Mitchell) Sellers '14, in the death of her husband, Elmo M. Sellers, October 23, Piedmont Memorial Hospital, Greensboro. For many years, Mr. Sellers had been active in the business life of Greensboro. He was also especially devoted to the work of his church, and was ruling elder in the First Presbyterian Church at the time of his death. For many years he was a deacon in that church, in charge of finance records. To Fannie Starr, and to the two daughters and two sons, the sympathy of many friends is expressed.

To Mary Wilson Brown, class of 1902, in the death of her brother at their home in Yanceyville, on October 20.

To Elizabeth (Copeland) Bulta '37, in the death of her father last summer.

To Willie Pritchard '39, in the death of her father, March 28. He was stricken while teaching the Men's Bible Class at Mt. Carmel Baptist Church, near Seaboard, his home. He was talking on immortality at the time. Mr. Pritchard was also teacher of the Men's Bible Class in his own church—the Pleasant Grove Methodist Church. He had been ill for several months, and had recovered sufficiently to resume his church work, but not his regular duties.

To Mildred Faye Womble '43 in the death of her father last summer at their home in Ashley Heights.

Report of the Alumnae House Committee

The Alumnae House Committee has held two meetings this year—the first on October 5, the second on November 13.

In keeping with the expanding needs of the campus, the committee is glad to announce that all paid-up members of the Alumnae Association may have the privilege of spending the night in Alumnae House when they are visiting on the campus. A small charge will be made to cover maintenance and expenses—\$2 a night for a person occupying a room alone; \$1.50 a night, each, for two persons in a room. It will be necessary to make reservations through the Alumnae Office, as usual, in advance, since space is limited. In case of emergency, however, see Miss Katherine Taylor, a member of the House Committee, in Weil Hall.

The committee again approved the former uses of the House—including its use for committee meetings of the alumnae, and meetings of book and garden and other clubs, as previously outlined.

We shall be delighted to receive your suggestions.

Best-Known For Externally Relieving Miseries of Baby's Colds

Mothers, when a young child catches cold—be modern—and relieve distress without dosing, without upsetting the stomach. At bedtime

rub Vicks VapoRub on the throat, chest and back. It is what most young mothers do because VapoRub works direct two ways at once—and keeps on working for hours to bring relief—to ease coughing—relieve muscular soreness or tightness—and invite restful, comforting sleep. Often by morning most of the misery of the cold is gone! Try it tonight.

When you see how VapoRub relieves distress of children's colds you should understand why it is the best-known home remedy of its kind in the world. It's just as good for grown-ups, too. Time-tested

DEVOE PAINTS

Featuring the
2-COAT SYSTEM

This Devoe 2-Coat System doesn't try to saddle or shirk. There are two definite jobs for outside paint to do, and Devoe does them. Each coat does its specific work. The first coat locks the pores of the wood like iron, seals it against sucking up life-giving oils. The second coat is built to laugh off ultra-violet sun rays and weather, still sparkles after several years.
